RECOMMENDED BY VETERINARIANS WORLDWIDE™

Join us for a web-seminar with **Dr. Peter Irwin**

Liver Diseases in Dogs and Cats

on **Thursday, 13th September 2012**

KEYNOTE SPEAKER

Dr. Peter Irwin, **BVetMed, PhD, FANZCVS, MRCVS**

Professor Peter Irwin teaches small animal medicine in the AVMA accredited BVMS course at Murdoch University and consults as a specialist in canine medicine at the Murdoch University Veterinary Hospital. His research interests are in infectious and parasitic diseases of dogs and cats, particularly babesiosis and ehrlichiosis, in Australia and Southeast Asia, and vector-borne diseases of Australian native mammals. Dr Irwin has published widely in peer-reviewed journals and has written several book chapters. He is currently writing a book on tropical diseases of companion animals. Dr Irwin co-ordinates an International Postgraduate Certificate course in Small Animal Practice at Murdoch University that is specifically designed for the needs of veterinary practitioners in the Asia-Pacific region. Dr Irwin was awarded the Distinguished Scientific Contribution Award from the Australian Small Animal Veterinary Association in 2005.
