# Vet Edition - August 2014

Special Cardiology Course

## Special Cardiology Course – save the date!

### The Way to the Heart: Treatment of Cardiac Disease in Dogs and Cats

We are pleased to announce that Richard Woolley, one of only a handful registered specialist veterinary cardiologists in Australia, will be with us in October.

**Date:** Sunday 26th October 2014 (full day)

**Speaker:** Dr Richard Woolley

Dr Richard Woolley, BVetMed DipECVIM-CA (Cardiology) MRCVS

Richard has many years of experience in cardiology and respiratory medicine of all animals, from mice to gorillas. He has worked in academia and in private practice, lectured extensively, and his present focus is on specialist cardiorespiratory medicine of dogs and cats. Richard is based in Melbourne, Victoria at Cardiorespiratory Pet Referrals.
