Dear Peter,

I am sorry for misreading your e-mail.

Sept and Oct would be fine, and we have schedule 2 webinars on Sept 13 and Oct 18. You may just select a date which is 1 or 2 weeks from these dates.

Thanks and Regards

---

Hi [redacted]. My last email said "after" August, so September or October would be best with me!

Kind regards,
Peter Irwin

Dear Peter,

Thanks for your quickly reply, and I understand your situation. We are looking forward to hear your topic and confirming date in August once you have an idea of them. Kindly remind that we have another webinar on August 26, so we hope yours will be another date, maybe in early August.

Thanks and Regards

Dear [redacted]

Thank you very much for the invitation to give a webinar. I am very interested and would like to help with this (as part of an ongoing collaboration between Hills and Murdoch) but I just can't do it until after August I'm afraid. I am currently on academic study leave (sabbatical) and working on completing my book, with a submission deadline in August. I am not accepting any other duties until that is done, I hope you understand.

I will think about the topics however – I think case-based presentations are the best for this type of thing, and ties in nutritional management nicely.

Best wishes

Peter

Dear Peter,

We would like to invite you to give a webinar for Hill's Far East on GI medicine in 2012, and I would like to ask your time availability in July and topics you would like to present. The time we suggest be Singapore time 13:30-15:00 (1 hour lecturing and 20-30 A and Q). If your topics are some what Hill's i/d, w/d or z/d (or d/d) related we will be grateful.

If you can let us know your suitable date, time, and topic as soon as you can at your convenience, I can put them into our webinar schedules for Far East markets.

Thanks and Regards
