### Teleconference 1 - MINUTES

6 December 2018 2:00-3:00pm

#### Attendees:

Narelle Clegg (Chair – Department of Agriculture and Water Resources), s. 22(1)(a)(ii) (Department of Agriculture and Water Resources) s. 22(1)(a)(ii) (Department of Agriculture and Water Resources), s. 22(1)(a)(ii) (secretariat - Department of Agriculture and Water Resources), s. 22(1)(a)(ii) (Safe Food Queensland), s. 22(1)(a)(ii) (NSW Department of Primary Industries), s. 22(1)(a)(ii) (RSPCA), s. 22(1)(a)(ii) (Australian Veterinary Association), s. 22(1)(a)(ii) (Observer-Australian Veterinary Association), Mark Booth (Food Standards Australia New Zealand), s. 22(1)(a)(ii) (The Pet Food Industry Association of Australia), s. 22(1)(a)(ii) (The Pet Food Industry Association of Australia), s. 22(1)(a)(ii) (The Pet Food Industry Association of Australia), s. 22(1)(a)(ii) (Department of Industry, Innovation and Science), s. 22(1)(a)(ii) (Department of Industry, Innovation and Science), s. 22(1)(a)(ii) (Department of Health), s. 22(1)(a)(ii) (Department of Health) s. 22(1)(a)(ii) (Observer-Australian Competition and Consumer Commission), s. 22(1)(a)(ii) (Observer-Australian Competition and Consumer Commission).

#### Apologies:

s. 22(1)(a)(ii) (Australian Veterinary Association), s. 22(1)(a)(ii) (Department of Primary Industries (NSW)), s. 22(1)(a)(ii) (Department of Agriculture and Water Resources), s. 22(1)(a)(ii) (Animal Health Committee).

#### Minutes:

##### 1. Welcome and apologies

Narelle Clegg opened the meeting and welcomed the group for its first meeting. The list of attendees and apologies are identified above.

##### 2. Draft terms of reference (TOR) for the review working group

- The TOR needs to be clear about the purpose of the group and its reporting requirements.
- The membership of the group needs to be updated. The membership will consist of one person per organisation (one representative), but other people can be listed as observers if interested. The Australian Competition and Consumer Commission are to be observers on the Pet Food Review Working Group at this time.
- Include a definition of pet food in the TOR and what would be in scope for this review. The question was raised does it include meat sold at butcher shops as pet meat. Meat sold at butcher shops is out of scope of this review.
- A question was raised about whether the Agriculture Senior Officials Committee (AgSOC) needed to approve the terms of reference for the group. More information will be provided on the level of oversight by AgSOC and the timing of AgSOC meetings. Include reference to providing a report to AgSOC in the TOR.

**Action Item 1:** Members of the group are to send specific comments on the terms of reference for the group to s. 22(1)(a)(ii).

**Action Item 2:** Secretariat to propose a definition of pet food, for the purpose of the review, so it can be discussed at the next teleconference meeting.

**Action Item 3:** s. 22(1)(a)(ii) is to collate comments on the terms of reference and distribute revised draft to the group for comment.

**Action Item 4:** s. 22(1)(a)(ii) is to provide a timeline on the process and events leading up to establishment of the Pet Food Review Working Group.

**Action Item 5:** Organisations are to identify one person as their nominated representative on the working group and any others will be listed as observers.

### **3. Draft terms of reference for the consultants**

It was proposed that the body of the work required under the terms of reference would need to be completed by two consultants rather than one. One consultant would report on the regulatory aspects of the pet food industry while the other would report on the pet food incidents/animal health issues. If this is to occur, there will have to be terms of reference for each consultant.

**Action Item 6:** Members of the group are to send specific comments in regards to the terms of reference for the consultant(s) to s. 22(1)(a)(ii).

**Action Item 7:** s. 22(1)(a)(ii) is to collate comments on the terms of reference for the consultant(s) and distribute revised drafts to the group for comment.

### **4. Consultant – any recommendations from members**

It was agreed by the group that recommendations would not be discussed until the terms of reference for the consultant(s) are finalised.

### **5. Reporting – consider reporting frequency to AgSOC**

It was agreed that the group would report to AgSOC on an as required basis.

**Action Item 8:** s. 22(1)(a)(ii) to contact the AgSOC secretariat to clarify the oversight of the working group and whether AgSOC would need to approve the terms of reference. Also find out when AgSOC meetings will be held.

### **6. Senate inquiry recommendations and general comments**

It was noted that the senate inquiry was unable to convey the complexity of the Australia and New Zealand food regulation system.

The group discussed the possibility of using ruminant feed regulations as a potential model, however other members noted there is a strong consumer element to pet food regulation.

### **7. Other Business**

No other business was discussed.

### **8. Date of next meeting**

The next meeting will be convened at the end of January 2019.

**Action Item Summary**

#### Minutes:

##### 1. Welcome and apologies

s. 22(1)(a)(ii) opened the meeting and welcomed the group for its second meeting. The list of attendees and apologies are identified above.

The minutes from the first meeting had one minor change and will be finalised out of session and redistributed.

The outstanding action items were discussed and updated. All outstanding action items had been completed and are reflected in the action items list at the end of this document.

**Action Item 2.1:** Update the minutes from the first meeting and distribute to the group out of session.

##### 2. Updated terms of reference for the review working group

The updated terms of reference for the review working group were discussed. The following changes were agreed to:

- Revise the definition to include pet meat (to be in line with the Australian Standard for manufacturing and marketing of pet food AS 5812:2017)
- Update the membership list of the review group

The RSPCA raised a query as to whether or not food for other companion animals would be in the scope of the review. s. 22(1)(a)(ii) reminded the members that the working group was formed specifically to address issues with dog and cat food. The review recommendations may be able to be extended and adapted to other companion animals though e.g. apply issues about pet food safety and consumer recourse for food that is not suitable for the nominated species.

**Action Item 2.2:** Revise the Terms of Reference for the Pet Food Review Working Group, as agreed at the meeting and distribute to the group.

### 3. Draft terms of reference for the consultants

The updated terms of reference for the consultant on pet food safety were discussed. The following changes were agreed to:

- Revise the definition to include pet meat (to be in line with the Australian Standard for manufacturing and marketing of pet food - AS 5812:2017)
- Delete the out of scope item “raw/fresh meat intended to be sold through retail outlets”

The updated terms of reference for the consultant on pet food regulation were discussed. The following changes were agreed to:

- Delete the dot points listing the senate inquiry recommendations after the first paragraph
- Revise the definition to include pet meat (to be in line with the Australian Standard for manufacturing and marketing of pet food - AS 5812:2017)
- Delete the out of scope item “raw/fresh meat intended to be sold through retail outlets”
- Add another dot point to ensure the consultant summarises the information gathered and provides alternative options for the regulation of pet food

**Action Item 2.3:** Update both terms of references with the agreed changes and distribute to the group for comment.

**Action Item 2.4:** Distribute to members of the group the letter from the Australian Competition and Consumer Commission (ACCC) detailing their response to the Senate inquiry recommendations that referred to the ACCC. (Completed s. 22(1)(a)(ii) 7/2/19)

### 4. Consultant – discuss options – one application received – any recommendations

It was noted that one nomination has been received.

The process for selecting consultants is likely to be through an open tender process due to our limited knowledge of consultants with relevant experience.

**Action Item 2.5:** Find out whether there are limitations/requirements on who can be on an open tender evaluation panel and provide information about the tender process to the review group.

### 5. Responses from government departments included in Senate inquiry recommendations

The group were informed that the ACCC had prepared a response to the Senate inquiry recommendations. It was proposed that the Australian Veterinary Association (AVA) and Food Standards Australia New Zealand (FSANZ) also review the recommendations that refer to them and prepare a similar letter that could be circulated within the group.

**Action Item 2.6:** AVA and FSANZ to prepare a response to the Senate inquiry recommendations and advise on when they think it will be finalised and able to be shared with the group.

## 6. Other Business

The minutes from the first meeting will be circulated and finalised out of session.

s. 22(1)(a)(ii) from Pet Food Industry Association of Australia stated that the consultants and members of the review group would be able to attend a familiarisation tour on the manufacturing of pet food to help familiarise them with the industry.

## 7. Next steps and the date of next meeting

The terms of reference will be recirculated and finalised. The Department will gather information on the open tender process including selection panel arrangements before the next meeting

**Action Item 2.7:** The Department will gather information on the open tender process.

Date of the next meeting is to be advised.
