Help wanted with research project

Humans suffering from diseased teeth and sore gums are more prone to heart attacks, stroke, Alzheimer's, cancer and other diseases.

We believe our research in canines will bring huge benefit to dogs, cats and humans.

Please help us find dogs with bad breath needing treatment.

- Patient undergoes blood test, dental surgery and switch to raw meaty bones diet
- 30 days further blood test
- 60 days further blood test

All blood tests performed at no charge.

Hope you can help.

Thank you.
