UNIVERSITY VETERINARY TEACHING HOSPITAL, SYDNEY

(http://sydney.edu.au/vetscience/veterinary_services/sydney/about_us/index.shtml)

The Sydney University Veterinary Teaching Hospital is acclaimed internationally for its exceptional health, care and welfare of animals. It is a general practice veterinary clinic, a referral centre for other vets to send complex cases and a teaching hospital for veterinary science students to learn the practical components of the veterinary profession.

The Hospital has undergone substantial redevelopment including the purchase of more than $6 million of imaging and diagnostic equipment making it an international state-of-the-art facility.

The advanced range of specialist services include:

- 24 hour emergency services and intensive care.
- Canine and feline medicine & surgery.
- Advance imaging, 16 slice CT, MRI, Digital Radiology & Ultrasound.
- Specialist referral services, medicine, surgery and diagnostic imaging.
- Neurology, ophthalmology & dermatology.
- Physiotherapy.
